MUSCLE FUNCTION TESTING

Paperback. Book Condition: New. Not Signed; This beautifully illustrated pocket atlas provides physical therapists, occupational therapists, sports therapists, and students with practical guidelines and quick tests for evaluating gross motor function throughout the body. The tests in this manual are particularly suitable for analyzing isolated muscle deficits and evaluating other testing methods. When used as a regular part of the physical therapy routine, manual muscle testing provides valuable information on individual treatment needs, enables the therapist to monitor progress and...

Reviews

This publication is indeed gripping and interesting. It can be filled with knowledge and wisdom You will not really feel monotony at anytime of your time (that's what catalogues are for regarding in the event you request me).

-- **Prof. Muhammad Lesch MD**

Here is the best publication i have go through right up until now. Better then never, though i am quite late in start reading this one. Its been developed in an remarkably basic way in fact it is simply right after i finished reading this pdf through which basically transformed me, change the way in my opinion.

-- **Colin Bergnaum**

If you need to adding benefit, a must buy book. It really is writter in straightforward words and phrases rather than difficult to understand. Your life period is going to be change the instant you total reading this ebook.
