John William Graham has said in his review in the Manchester Guardian-- The work of this history has been remarkably well done. It is a monument of research into facts hidden in ancient and generally dull journals. It is imbued throughout with the spirit of fairness and with a real sympathy for both sides of a controversy. . . . One might have supposed in advance that it would have been better to entrust the English portion of the story to an English writer, but no feeling of that sort remains after a perusal of the volumes. Rufus M. Jones has many English affiliations, and may almost be said to live on both sides of the sea. Any reader of the book who studies the chapter on the work of the London Meeting for Sufferings, or the account of the Beaconite controversy, or of the influence in England of the Adult School movement will see how thorough is the authors knowledge and how wise his judgments. We, in London Yearly Meeting, have our own parochial tendencies, our own incapacity for seeing the wood because we are so occupied with the trees; and it is because the writing of this history has been in the hands of a man with a world-outlook on philosophy and religion and life that Friends have now the great opportunity of studying their two hundred and fifty years of experience as a great experiment in spiritual religion of world-wide significance.
