Brand New Book ***** Print on Demand *****.She waited, Kate Croy, for her father to come in, but he kept her unconsciously, and there were moments at which she showed herself, in the glass over the mantel, a face positively pale with the irritation that had brought her to the point of going away without sight of him. It was at this point, however, that she remained; changing her place, moving from the shabby sofa to the armchair upholstered in a glazed cloth that gave at once-she had tried it-the sense of the slippery and of the sticky. She had looked at the sallow prints on the walls and at the lonely magazine, a year old, that combined, with a small lamp in coloured glass and a knitted white centre-piece wanting in freshness, to enhance the effect of the purplish cloth on the principal table; she had above all, from time to time, taken a brief stand on the small balcony to which the pair of long windows gave access. The vulgar little street, in this view, offered scant relief from the vulgar little room; its main office was to suggest to her that the narrow black house-fronts, adjusted to a standard that would have been low even for backs, constituted quite the publicity implied by such privacies.
