Unlike most writings of that time, it embodies an integrated work of philosophy. Furthermore, it encompasses themes on religion, political science, social science and traditional thoughts (e.g. I Ching) before Lao Tzu. All the original Taoism created by Lao Tzu are manifested in a simple book of about five thousand Chinese characters. From a modern prospective his profound thought is expressed in compressed expressions. Even Confucius, like numerous Chinese, treated sayings of Lao Tzu as adages. Hardly any punctilious Chinese intellectual, including antagonists of this book, could argue successfully that the whole text does not deserve to be painstakingly examined. For example, the famous aphorism A journey of one thousand miles started out from one single step was initially in this book. This translation and introduction of Tao Te Ching was aimed to be both philosophically and linguistically closest to the original Tao of Taoism. The Chinese version of this English book will shortly be published by Peoples Press as well. Sir Karl Popper, the author of Open Society and Its Enemies, has strongly recommended the translator of this version. When the first attempt on translation was made in 1985 Sir Alfred J. Ayer commented Your work on Lao Tzu promises to be very interesting. This item ships from multiple locations. Your book may arrive from Roseburg, OR, La Vergne, TN. Paperback.
